Dear Guest,

Warm greetings from the Maldives!

With every challenge comes a clean slate for growth and evolution. Whether it is a personal challenge, a community encounter or a global concern, it is in our DNA to change, adapt and steer the course towards continuity.

As we continue to confront the challenges posed by the surprising intruder that has unsettled the world – COVID-19 – we are inspired by the many ways people have come together to adjust their lifestyles, support and encourage each other and innovate; all contributing towards flattening the curve and keeping afloat our economies.

This optimism is carried through at all our hotels and resorts, as we prepare to welcome you back, with open arms and heartfelt smiles. They say the strength of a person is best judged by the manner in which they face adversities; and our teams at all our resorts in Sri Lanka, Maldives, India and Oman are empowered to roll out a safe and memorable holiday for you and your guests.

The wellbeing of our guests and associates is of paramount importance. Collectively, the Company has taken stringent measures to enact elevated precautionary operational protocols that address heightened safety and health, to give our guests peace of mind regarding future stays. These protocols are based on international and local health and safety guidelines and have been enhanced by our in-house experts to provide you, a safe environment. Rest assured, we will actively monitor and evolve our solutions as necessary.
